

Steps for Placing Transparency Grids on Forms in Acrobat

Open PDF file from CTP

Document > Add Watermark and Background

Type

- Add a Watermark (appears behind page)
- ✓ Show when displaying on screen
- ✓ Show when printing

Source

- From file > Browse
(this is where your grids are stored)

Position and Appearance

Vertical Alignment 0p0 Top
Horizontal Alignment 0p0 Left
Units Pica
Scale

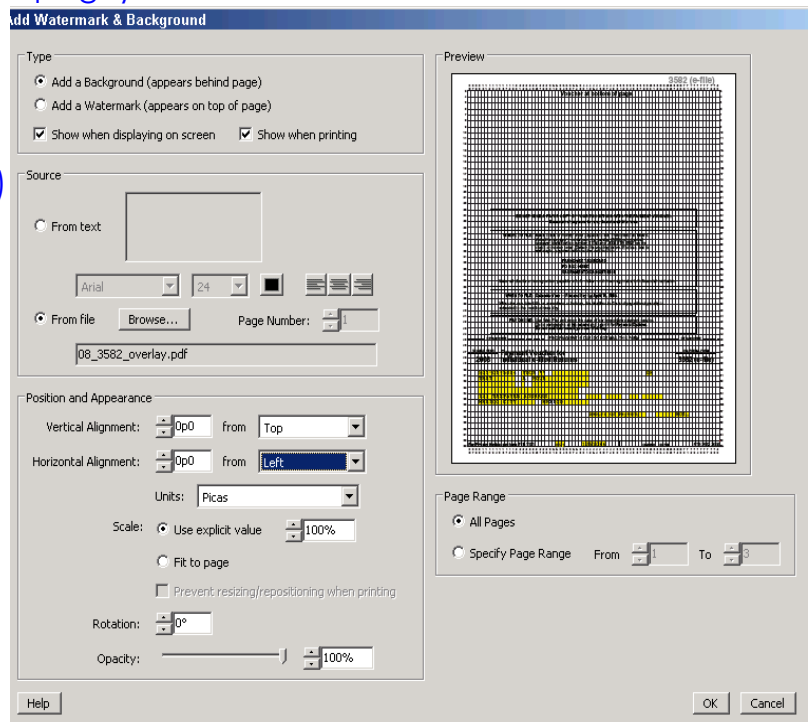

- Use explicit value 100%

Rotation 0
Opacity 100

Page Range

- All Pages

OK

To remove watermark: Edit > Undo Add Watermark

Note: Once you save and close your document you **can not** remove the watermark.

Setting Grid Preferences

Edit > Preferences

- Unit & Guides
- Units

OK
